

Iris Hoi

BLA, FHKILA, RLA, HKIUD
Director – URBIS Limited

Iris Hoi is a Director with 31 years of experience in award winning projects in landscape architecture, 29 of which is in Hong Kong, and 27 with URBIS Limited. She has been a director at URBIS Limited for the past 18 years. She has a vast array of experience in projects in Hong Kong and China, and has extensive knowledge and working experience on government, institutional, infrastructure, parks, commercial, and residential developments. She has overseen the design and implementation of community projects for HKSAR Government and NGOs; institutional projects for HKU, CU, PolyU, Lingnan University, as well as private international schools; extensive parks and civil projects; rail and waterfront projects; projects for HKE and CLP; public and private residential projects. She has extensive experience working in China projects in Beijing, Shanghai, Shenyang, Wuhan, Chengdu, Chongqing, Guangzhou, Shenzhen, Sanya and Haikou. She is fluent in Mandarin and is able to communicate clearly and easily with professionals and clients in China. She has also been actively involved in community improvement and sits in a number of professional and consultation bodies, most notably being the President of The Hong Kong Institute of Landscape Architects. Other current active community involvement includes being a member of the Harbourfront Commission, HKTDC Infrastructure Development Advisory Committee, Development Bureau Horticulture Development committee, and a number of other community bodies. Her experience in Hong Kong has resulted in extensive working relationships with engineers and architects on infrastructure projects, contractors on design-and-built projects, specialist consultants on a variety of technical and design issues, and government and specialists on green building and tree preservation matters. Many of her projects have won design awards.
